Mitsubishi Caterpillar Forklift Europe (MCFE) celebrated its General Shareholders Meeting in Amsterdam on the 25 and 26th of May.

During the event, **Hans Seijger**, Vice-President Sales & Marketing and **Claartje van Fulpen**, Vice-President Administration on behalf of MCFE, bestowed MFET, MN and Caterpillar representatives with a token of our appreciation for their support during the last 25th years.

Mr. Mikogami (MFET), **Mr. Ninomiya** (MN) and **Mr. Kelliher** (Caterpillar) appreciated the gift which symbolizes our commitment to our company's shareholders to deliver the best possible results.

Other representatives of MN, MCFA, MNA, the Supervisory's Board and MCFE Board and management, attended the event at the Okura Hotel in Amsterdam. During the sessions, the different companies presented their plans for the Business Plan 2017-18. Amongst others, the MCFE's annual accounts were adopted.

This was a special occasion as the Annual General Shareholders Meeting coincided with the 25th anniversary of MCF joint ventures: MCFE and MCFA. (MNA is no longer a joint venture but keeps marketing and selling Cat[®] lift trucks and warehouse equipment).

Also during this event, the new contact person of Caterpillar Inc. for the joint ventures, Phil Kelliher, was introduced. Mr. Kelliher replaces Paolo Fellin in this position and as Supervisory Board member.
